EXPERIENCE

Sharevue, Uyo — *FrontEnd Engineer*

JULY 2020 - PRESENT

- Created front end of web apps as specified in their UI design, paying strict attention to details.
- Single handedly rebuilt the company's web app to achieve mobile-first responsiveness and Search engine optimisation by utilizing semantic markup, media queries, bootstrap and javascript.
- Ensured the scalability of a client's business web application by integrating vue.js, axios and vuex to the formerly vanilla javascript based web app.
- Collaborated with business owners to recommend, implement and deploy front end designs, tailored to suit their business needs.

Daveshoope Webmasters, Uyo — *Tech Educator*

JULY 2019 - DECEMBER 2019

- Guiding and tutoring children between ages 6-15 on programming with html and css.
- Tutored the children on how to use tools such as code.org, scratch and kodu, aimed at developing creative thinking and problem solving abilities while focusing on programming.

EDUCATION

University of Uyo, Uyo — *B.Engr in Computer Engineering*

2015 - 2021

PROJECTS

pyeflex.com — *Movie listing application*

- Responsive front-end across viewports created with bootstrapvue and vue
- Used axios to fetch api data from TMDB - for movie listing and YouTube api - for viewing movie trailers.
- Archived scalable state management and centralised data storage by integrating vuex.
